Dear [redacted]

25X1

The State Department telephoned me today exploring the possibility of furnishing special service to their delegation to the Danubian Conference in Belgrade beginning 30 July 1948. I informed them that we would be very glad to prepare the reports for them and make them available through the Embassy in London.

The individual who contacted me stated that they expected to have a cablehead, possibly in Trieste, from Frankfurt. I advised him that in this connection you could cable the information to him at Trieste and it would be his responsibility to get it from Trieste to Belgrade. He is exploring the communications angles in the State Department and will contact me again. However, it is definite that he will want this report prepared. I will give you definite information on this subject shortly.

Sincerely,

L. K. White
